#### **Philosophy**

God tells us through his word "Train up a child in the way he should go, and when he is old he will not depart from it." Proverbs 22:6

Following these words, we have established a Christ-centered environment where children are encouraged to grow in faith and knowledge.

Through play, exploration, and discovery children learn to interact positively with each other and with adults who assist them in developing educational readiness and a love for learning.

Using developmentally appropriate practice, children are encouraged to learn in a manner that best fits their needs and in a way that makes the most sense to them. Through active learning they acquire the ability to grow spiritually, socially, emotionally, physically, and cognitively.

Peace Lutheran Preschool has  National Lutheran School Accreditation which offers a Christ centered curriculum developed by the Indiana District LCMS early childhood cabinet. The areas of learning include religion, language arts, mathematics, science, social studies, creative arts, physical health, and social/emotional development.

This year we are also offering full day classes that include experiential learning and enrichment in the above areas, and also includes but is not limited to cooking, outdoor learning, and music.

We encourage parents to consider a schedule that works best for their child(ren) and family. Peace Lutheran Preschool is not a daycare so it is mandatory that all children who attend are potty trained. Children who attend the full day program must bring a lunch and will not lie down for a nap.
